

United Arab Emirates

We are proud to be a strategic partner to the UAE government and produce more than 95% of Abu Dhabi emirate's power and water. Our position in the UAE has underpinned TAQA Group's growth into a diversified international energy business.

Transmission

Abu Dhabi Transmission & Despatch Company PJSC (TRANSCO)

TRANSCO is responsible for the planning, construction and operation of the transmission network used to transmit water and electricity from power and water generators to the distribution networks operated by ADDC and AADC and, where required, to other emirates in the United Arab Emirates.

- ▶ Electrical transmission network: 9,350 km
- ▶ Water pipelines: 3,600 km
- ▶ TAQA ownership: 100%

Distribution

Abu Dhabi Distribution Company (ADDC)

As the sole distributor of water and electricity in Abu Dhabi and the surrounding areas, ADDC plans, operates, maintains and owns network distribution assets and directly interfaces with water and electricity customers in Abu Dhabi's central and Al Dhafra regions. ADDC is a wholly-owned subsidiary of TAQA Group.

ACCEPT

▶ TAQA ownership: 100%

AI Ain Distribution Company (AADC)

AADC is the sole distributor and supplier of water and electricity in AI Ain city and its surrounding areas. This includes the ownership, operation and maintenance of the water and electricity distribution network assets, meter reading, and services for the supply of water and electricity. AADC is a wholly-owned subsidiary of TAQA Group.

- ▶ Electricity network: 28,000 km
- ▶ Water pipelines: 5,000 km
- ▶ Customers: 250,000
- ▶ TAQA ownership: 100%
