## Saba Power and Energy Group

Saba Power and Energy Group was established in 2004 as the first private company and for investment in the Iranian electricity industry with the purchasing of Shahid Modhaj (Zargan) Power Plant in Ahwaz.

Saba Group is one of the largest private companies present in the Iranian electricity industry consisting of a number of companies involved in purchase, construction, and operation of power plants. To this end, it holds possession of 5 important power plants with an overall capacity of 3500 MW and operation and maintenance of 7 thermal power plants with a total capacity of 5100 MW.
